

# (in)Residency hosting

The biohackerspace Kaouenn Noz proposes to welcome you in residence with free accommodation.

This offer is for :

- bioartists
- amateur biologists
- DIY Bio enthusiasts
- biohackers
- Investigators (in the sense described in [Exposing The Invisible](#))
- Researchers who recognize themselves in our approach
- Authors of Science Fiction
- Artists working on the themes of the environment, the living, biology, fundamental rights,
- Artists working on the criticism of science and technology
- People who contribute to public wikis under free license

We work for a good & pleasant welcome and access to the biohackerspace ~ 1 to 2 weeks per person, all year long. For the food, we try to draw a nice and affordable framework to any purse by discussing together, with you.
